Soft Skills: Teamwork, Communication, Problem-Solving, Time Management [placeholder — edit as needed]

EXPERIENCE

Intern — Kosi Lok Manch, Siliguri District Office

Jun '26 (1 week)

- Participated in field-based and case-management activities relating to child protection and victim support under the guidance of the District Coordinator.
- Conducted home visits and assisted in counselling sessions with survivors and their families as part of intervention efforts.
- Accompanied the field team during outreach and intervention visits, engaging with stakeholders and the community.
- Supported documentation and case follow-up, demonstrating professionalism, empathy, and strong communication skills in handling sensitive matters.

PROJECTS

Farmer Profit & Loss Calculator Website

Python

- Built and deployed a web application that helps farmers calculate profit and loss on their produce.
- Implemented the core calculation logic in Python to process input costs and revenue and generate clear profit/loss results.
- Successfully deployed the project on GitHub, making it accessible for use and further development.
